

Poppy Estates Handicap Flights

Revised 11-12-17

- A Flight 0 to 22.5 Handicap Factor
- B Flight 22.6 to 29.4 Handicap Factor
- C Flight 29.5+ Handicap Factor

***Note:** To be eligible for weekly prize money, you must have an established handicap. New members need a minimum of 5 games for a local handicap, 10 games for Match play or Club Championship, and 20 games for a proper RCGA handicap index.*

- Ensure before the round you are playing with the correct handicap.
- Before teeing off, swap cards with a person in your group. At end of the round, complete, date, sign, and attest cards (*failure to do so will result in disqualification for the day's events*). Use a single card per round when entering a score for your handicap. ***A separate card should be used with Team Events.***
- **The Rules of Golf**, as approved by the RCGA, will be strictly enforced. Rules Chair and Rules Committee will rule on disputes and problems. If a dispute occurs during play, use a provisional ball just to be safe. **Local Rules** (per score card) take precedence in the rules of golf.
- **Winter Rules** (*determined by the club*) will consist of *Lift, Clean and Place within 6 inches*. Mark your ball location properly, before doing so.
- The club encourages groups to play **READY GOLF**.
- Keep up with the group in front, regardless of the position of the group behind you. The course marshal will look after on-course problems.
